

## BALKAN ALLIES REPLY TO POWERS WITH NEW TERMS

Accept Peace Mediation Note  
But With Reservations—  
May Reach Agreement.

SOFIA, Bulgaria, April 5.—The Bulgarian Government today handed to the diplomatic representatives of the European powers its reply to the communication made to it on March 21 concerning the suggested bases of peace between Turkey and the Balkan allies. The reply, which is that of all the allied Balkan nations, accepts the conditions of mediation proposed by the European powers subject, however, to reservations which practically repudiate the proposed terms. The proposals of the powers were as follows:

1. The frontier of the Ottoman Empire in Europe shall start at Enos, and following the course of the Maritza river, and then that of the Ergene, shall end at Midia. All territories situated to the west of this line shall be ceded to Turkey by the allied States, with the exception of Albania, the destination of which shall be fixed by the powers.
2. The question of the Aegean Islands shall be settled by the powers.
3. Turkey shall abandon all claims to Crete.
4. The powers cannot favorably entertain the demand for indemnity, but they will advise the allies to participate in the discussion of the International Commission in Paris for an equitable settlement of their participation in the Ottoman debt and in the financial charges of the districts to be handed over to them. Turkey is to be asked to take part in the labor of this commission.
5. The great powers declare at the same time that as soon as these bases are accepted hostilities shall cease.

The reply of the Balkan allies is contained in the following counter proposals:

1. In the definite determination of the frontier of the province of Thrace the line indicated in the conditions formulated by the powers shall be taken as a basis and not as a definitive line.
2. The islands in the Aegean Sea shall be ceded by Turkey to the Balkan allies.
3. The allies consider they should know beforehand the frontier proposed for the future State of Albania, trusting they will be in conformity with those they proposed in London.
4. The Balkan allies demand for a war indemnity must be accepted in principle, the task of fixing the amount being left to a commission which is to study financial questions and on which the Balkan allies will be represented.
5. The Balkan allies agree that the operations of war shall cease as soon as the above conditions have been favorably received and admitted by the European powers.

Contrary to expectation, the European Powers promptly met the objections of the Balkan allies to the terms of mediation originally proposed, by making concessions designed to secure an immediate cessation of hostilities in the Balkan Peninsula.

In a note presented to the Bulgarian Government to-day the Powers proposed that the Thracian frontier should be formed by a line drawn from Midia, on the Black Sea, to Enos, on the Aegean Sea, which would give Bulgaria with banks of the river Maritza, in accordance with her demands. It was also suggested that all financial questions, such as the indemnity, should be left to the decision of a technical commission to meet in Paris.

## WALL STREET.

A moving tendency all through the last hour after the opening this morning caused most of the active issues to drop to a lower level.

Chenango and Ohio was again weak. This stock has been heavily sold all week on the rumor of a cut in the dividends from the 6 per cent. rate.

One common was also a weak spot, and Southern Pacific was the strong one, advancing over a point in a declining market.

During the last half hour stocks moved active and irregular and the closing was active and weak.

## Safe That Was Wrecked by Burglars Who Got Just 26 Cents in Booty

There is such competition in the safe-blowing business these days that the pickings are small, as was proved to a couple of yegmen who bored and blew open the safe of Henry V. St. George on the fifth floor of the Levitt Building, at Nos. 10-14 Grand street, and were rewarded by just 26 cents. They declined to take two two-cent stamps, which were theirs for the stealing.

The safe-blowers gained entrance to St. George's loft on the fourth floor of the building by climbing up a rear fire-escape and opening the fire shutters by the clever manipulation of a piece of

## 'T WAS A THIRSTY JOB TO SAVE BEER FROM FIRE, BUT THEY DID IT

Volunteers Rescue Kegs as  
Auto Burns—Yep, It Was  
Good Beer! Smack!

Down Grand street in Newtown, L. I., toward its intersection with Monteverde avenue—a postie name, Monteverde—softly trundled to-day a towering truck—a motor truck. It was a truck of the Consumers' Brewing Company of Manhattan. Otto Graf von Palagier was the trusty pilot of the sedately moving, stately vehicle. Behind the head of the Graf von Palagier rose in undulating hills and peaks keg upon keg of—Beer!

But hark!

There is an explosion somewhere in the forepeak of the motor truck. A flame shoots out and waggles menacingly toward the gasoline tank. Another explosion and fire licks upward toward the delectable mountains of the beer barrels.

Horace Heckling, vigilant captain of the Newtown fire ladders, sees the wreathed smoke and the shooting flames, senses the imminent peril to the beer and turns in the alarm. "It's beer—it's beer!" is the cry that passes from mouth to mouth as the members of Companies No. 4 and No. 5 buckle on their helmets and slip into their rubber boots. "Hurry, boys, the beer is perishing!"

Needless to estimate the speed the volunteer firemen made in reaching the corner of Monteverde avenue and Grand street. Barrel after barrel exploded with the roar of an angry Behemoth; at each succeeding detonation brave men wept.

But daring and heroic effort finally triumphed. Part of the beer was saved from the flames. The brave firemen did the rest.

## MEMPHIS LEVEE BREAKS, PART OF CITY FLOODED.

Water Covers Five City Blocks and  
Is Spreading in Bayou District—No Lives Lost.

MEMPHIS, Tenn., April 5.—The levees confining the swollen back waters of Bayou Geyoso, on the south side, broke this morning at Third and Concord streets, flooding about five city blocks. No lives were lost. The break will flood all that section of Memphis inundated last year except the section north of the Bayou, containing the lighting and water plants, which are safe.

The whole system subject to overflow at any stage is only ten blocks of an old part of the city. Water is backing up into this section through the sewers.

## SUES ROBIN FOR \$25,210.

Cyclist Run Down by Bank Wrecker's Auto Wants Damages.

Joseph G. Robin, bank wrecker, now in the Tombs serving out a one-year sentence, was today served by Deputy Sheriff Edward J. Lee with papers in a damage suit brought by Frank Hochsprung to recover \$25,210 for injuries received in a motorcycle accident.

Hochsprung was speeding between Gold Spring and Hicksville on April 17, 1910, when his cycle collided with an automobile driven by Robin. Hochsprung's legs were fractured, several of his teeth were knocked out and he was cut about the head and face. His motorcycle was wrecked. He asks \$25,000 for his injuries and loss of work and \$210 for his cycle.

## MRS. WILSON GUEST AT FORMAL BREAKFAST OF DEMOCRATIC WOMEN

Wives of Cabinet Officers  
Also Prominent at Affair  
That Caused Jealousies.

WASHINGTON, April 5.—Society women of Washington to the number of 500 to-day welcomed the wives of President Wilson, Vice-President Marshall and the members of the Wilson Cabinet at a formal breakfast.

The elimination of wine from the menu was the result of a campaign which caused feeling to run high. Members of the Women's Christian Temperance Union, who occupied one of the tables at the affair, were active in the campaign.

While 500 women were satisfied because they were invited to the breakfast, at least that many more not invited are to-day in a rather disturbed frame of mind. As originally planned the breakfast was to have been exclusively for Democratic women. The plan was changed, however, and as a result scores of women whose husbands are in the cabinet of President Wilson's party were left off the list, as the accommodations were limited.

Another innovation was the total absence of speeches. Not even an address of welcome to Mrs. Wilson graced the programme. Instead, an illustrated lecture on White House furniture by Mrs. Abbie Dunn Baker followed the breakfast.

Mrs. Champ Clark, wife of the Speaker of the House, who was invited to the breakfast, did not attend because of a previous engagement. Her non-appearance caused considerable comment. Mrs. Wilson, Mrs. Marshall, Mrs. Bryan and the other ladies of the Cabinet were present.

## WOMAN CONTRADICTS MAYOR

Mary Goode Challenges Him for Proof That She Was Convicted.

Mary Goode, keeper of disorderly resorts, and whose confession opened up the graft investigation by District Attorney Whitman, to-day wrote a letter to Mayor Gaynor branding as false his statements regarding her. She said in part:

In your statement to the public press you say: "In the same way when the Commissioner permanently closed the vice dens of the Goode woman and had her convicted in court she came before the Aldermanic Committee with her twenty years' graft story."

The above statement is absolutely false and you know it. No Commissioner of Police ever convicted me of a misdemeanor or crime in any court, and you were well aware of the fact when you made the above statement. I challenge you to produce any record where I was EVER convicted in ANY court.

Why didn't the Commissioner of Police close the remaining sixteen "vice dens" in the same building where Mary Goode occupied the seventeenth? WHY?

## C. K. G. BILLINGS HEIR.

CHICAGO, April 5.—C. K. G. Billings, the New York and Chicago capitalist, whose fortune has been estimated at \$20,000,000, was left \$60,000 by his mother, Mrs. Augusta S. Billings, whose will was filed to-day.

Mr. Billings is the sole living legatee.

## IF CONSTIPATED OR BILIOUS—"CASCARETS."

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Purred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give you constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

Girl Jumps Into River.

A nineteen-year-old girl giving her name as Julia Kellar, domestic of No. 639 East Eighty-second street, was transferred from Polytechnic Hospital to Bellevue early to-day and charged with attempted suicide. She jumped from the pier at the foot of West Forty-seventh street last night and was hauled out with a posthook by Henry Van Winkle, the watchman. She refused to make any statement.
